53002	laboratory-discussion	SS	11:00 AM - 12:20 PM	F	room 322 Loomis Laboratory	Willenbrock, S
1 hours Science and SocietySCIENCE AND SOCIETY. 1 hour. Future politicians, business persons, lawyers, journalists, and other world leaders need to understand science in order to make the crucial decisions that will determine the future of our planet. This Discover Course, intended for non-science majors, will discuss in nontechnical language the science behind various sources of energy (oil, nuclear, solar), nuclear weapons, global warming, outer space, terrorism, and other topics of vital importance. Students should enroll in only one Discovery course.Discovery course.Restricted to First Time Freshman students.
