Credit Hours: 1 hours
Online
Restricted to BS:Engineering Physics -UIUC, BS:Physics -UIUC, BSLAS:Physics -UIUC, or BSLAS:Physics:Teaching Op-UIUC.
If you are a degree-seeking student taking a mix of campus-based and online delivered courses during the summer term, you should register for the course section(s) noted as CB. Students enrolling in these sections will be charged the campus range tuition. For Physics majors and minors only. Exact meeting dates and times to be determined. There will be a proctored midterm and final examination. Students must have high speed internet access and either a headset with microphone or an external microphone and speakers so they may participate in the class discussions. PHYS 497 OO or CB is a supplement to PHYS 225 OO and CB and is intended for students who wish to explore more advanced elements of special relativity and mathematical physics. Concurrent registration in PHYS 225 section OO or CB is required as the supplementary assignments will be synchronized with the presentation of topics in PHYS 225.

Credit Hours: 1 hours
Online
Restricted to BS:Engineering Physics -UIUC, BS:Physics -UIUC, BSLAS:Physics -UIUC, or BSLAS:Physics:Teaching Op-UIUC.
If you are degree-seeking or non-degree student taking ONLY course(s) offered in an online format during the summer term, you should register for course section(s) OO. Students enrolling in these sections will be charged the Online & Continuing Education per credit hour rates and fees as indicated in the section notes. Online and Continuing Education (OCE) restrictions and assessments apply, see http://www.oce.illinois.edu. Clarification of the assessment notations listed: graduate students will be assessed $339 per credit hour; undergrad students will be assessed $304 per credit hour. All students will be assessed a $50 per credit hour administration fee. These assessments are in addition to the campus range assessments if students also take an on-campus class. For Physics majors and minors only. Exact meeting dates and times to be determined. There will be a proctored midterm and final examination. Students must have high speed internet access and either a headset with microphone or an external microphone and speakers so they may participate in the class discussions. PHYS 497 OO or CB is a supplement to PHYS 225 OO and CB and is intended for students who wish to explore more advanced elements of special relativity and mathematical physics. Concurrent registration in PHYS 225 section OO or CB is required as the supplementary assignments will be synchronized with the presentation of topics in PHYS 225.

Graduate - Urbana-Champaign OCE Tuition $339.00 per Bill Hour, Undergrad - Urbana-Champaign OCE Tuition $304.00 per Bill Hour, and OCE Fees $50.00 per Bill Hour.
