Class Schedule - Fall 2012

Sociology

SOC 162  **Intro to Intl Health Policy**  credit: 3 hours.
Introduces students to international health policy. Students will learn about data sources, basic analytical techniques, and theoretical frameworks for understanding international health policy. From a sociological perspective, students will explore why health issues are essential components to discussion of globalization, immigration, and migration. Students also will learn how health policy and foreign policy decisions in the developed world influence health policy and health care delivery in the developing world.

This course satisfies the General Education Criteria for a:
Social & Beh Sci - Soc Sci
Cultural Studies - Western
