Credit Hours: 1 hours
Cyber Security Scholar Program
Topic: Information Assurance and Trust Seminar. This course is an undergraduate seminar for students admitted to the Illinois
Cyber Security Scholar Program. In addition, this course would be open and serve as an orientation seminar to all college of
engineering undergraduate student interested in topics of information assurance and trust. The seminars will feature information
assurance subject matter expert guest speakers from industry and government, community leaders, distinguished external
researchers, faculty, and students discussing both the technical challenges and limitations of IA. Standard information assurance
topics such as authentication, data integrity, ethics, and cyber security will be covered.
