Statistics

STAT 100  Statistics  credit: 3 hours.
First course in probability and statistics at a precalculus level; emphasizes basic concepts, including descriptive statistics, elementary probability, estimation, and hypothesis testing in both nonparametric and normal models. Same as MATH 161. Credit is not given for both STAT 100 and any one of the following: ECON 202, PSYC 235, or SOC 485. Prerequisite: MATH 012.

Students who have completed a year of Calculus should enroll in STAT 400 instead of STAT 100.

This course satisfies the General Education Criteria for a:
Quantitative Reasoning I
