<td>111 - David Kinley Hall</td>
<td>Hogarth, R</td>
</tr>
</tbody>
</table>

Credit Hours: 4 hours
Restricted to Graduate - Urbana-Champaign.
Topic: Race, Science, and Medicine Description: This course examines the development of race in medical and scientific thought; how public health and medical institutions deploy the concept; and the process by which race emerged as a valid, though controversial, topic of scientific and biomedical inquiry. Also addressed is the relationship between slavery and nineteenth-century medicine, the birth of the eugenics movement, legacies of medical exploitation and mistrust, trends in genetic medicine, and contemporary disparities in health outcomes and health care delivery.
