Engineering the Mind
Instructor Approval Required
Meets 13-Mar-17 - 03-May-17.
This class explores how the brain works using case studies on optical illusions, magic tricks, and how the brain can be fooled. The purpose of the class is to show you a whole new world and leverage our understanding of the brain to improve how you learn.

| 66222  | Lecture-Discussion | PLT     | ARRANGED - | -    |          | Favila, I        |
|        |                     |         |            |      |          | Tempel, D        |

Credit Hours: 1 hours
Instructor Approval Required
Restricted to Undergrad - Urbana-Champaign.
For students participating in Peer Led Teams (PLT). For more information, contact CARE: http://care.engineering.illinois.edu/

| 56548  | Discussion/Recitation | PUR     | ARRANGED - | -    |          | Heeren, C        |
|        |                      |         |            |      |          | Makela, J        |

Credit Hours: 1 hours
PURE Research Program
Instructor Approval Required
Restricted to Undergrad - Urbana-Champaign.
Promoting Undergraduate Research in Engineering (PURE)) is a research program that aims to provide first-hand research experience to underclassmen in engineering. The PURE program pairs graduate mentors up with undergraduate students on a semester-long research project and expect students to produce and present posters at the year-end symposium. Student must apply and be accepted to PURE before enrolling in the ENG 199 PUR course. For further details, please visit: https://wiki.cites.illinois.edu/wiki/display/PURE/

| 59664  | Lecture-Discussion  | SFD     | 03:30 PM - 04:50 PM | TR   | -        | Favila, I        |

Credit Hours: 1 hours
Instructor Approval Required
Meets 17-Jan-17 - 10-Mar-17.
This class is designed to facilitate student success in the engineering curriculum. Students will commit themselves to their academic and personal development, adapt and integrate themselves in the College of Engineering, and learn about their engineering discipline.
