Credit Hours: 1 hours
ARISE Bolivia Service Project
Instructor Approval Required
Through case studies, interactive projects, and hands-on activities, students will learn fundamentals of service learning and technical skills that will guide them in future project work. This course will introduce students to the history and culture of Bolivia and follows with a service learning experience in Bolivia. Restrictions: Instructor approval required.

Credit Hours: 2 hours
Career Ready
Restricted to Engineering.
Learn about skills that employers are looking for and ways to connect the dots of what you’re learning and doing in classes and other professional development opportunities including exclusive networking opportunities. Pass the course and earn completion of the Engineering Leaders of Tomorrow Program, which is recognized by employers recruiting through Engineering Career Services.

Credit Hours: 1 hours
Technical Communication
Instructor Approval Required
Enrollment only for Engineering Ambassadors.

Credit Hours: 2 hours
IEFX Projects
Instructor Approval Required
IEFX Projects - Reinforcing the fundamental concepts introduced in ENG 100, you will work in small teams on real engineering projects led by experienced Engineering Learning Assistants. You learn problem-solving strategies and build skills in group formation, project management, communication, and teamwork. The subject of the projects will help you explore your interests and aspirations. Projects may be of your own creation or chosen from an instructor-prepared list. Meets in 2320 DCL. Instructor approval required.
