## Class Schedule - Spring 2019

### Engineering

**ENG 199  **Undergraduate Open Seminar  **credit: 0 TO 5 hours.**  
Approved for both letter and S/U grading. May be repeated.

Credit Hours: 1 hours  
Intro to Engrg - ARISE  
Instructor Approval Required  
The purpose of this course is to explore fundamental physics concepts and prepare students to succeed in future physics and engineering courses.

Credit Hours: 1 hours  
ARISE Enrichment  
Instructor Approval Required

Credit Hours: 1 hours  
Prac for Prof Skill Devlpmt  
Instructor Approval Required  
Practicum for professional skill development, including communication and leadership skills, in a learning environment.

Credit Hours: 1 hours  
Peer Led Teams  
Instructor Approval Required  
Restricted to Undergrad - Urbana-Champaign.  
For students participating in Peer Led Teams (PLT). For more information, contact CARE: http://care.engineering.illinois.edu/

Credit Hours: 1 hours  
PURE Research Program  
Instructor Approval Required  
Restricted to Undergrad - Urbana-Champaign.  
Promoting Undergraduate Research in Engineering (PURE) is a research program that aims to provide first-hand research experience to underclassmen in engineering. The PURE program pairs graduate mentors up with undergraduate students on a semester-long research project and expect students to produce and present posters at the year-end symposium. Student must apply and be accepted to PURE before enrolling in the ENG 199 PUR course. For further details, please visit: https://wiki.cites.illinois.edu/wiki/display/PURE/

Credit Hours: 1 hours
Introduction to Research
Instructor Approval Required
Restricted to Engineering. Restricted to Undergrad - Urbana-Champaign.
This course will introduce undergraduate students to the basic elements of research, forms of technical communication, and the responsible conduct of research in preparation for their research abroad experience. Through the course, students will gain an understanding about the logical framework of research and learn to communicate effectively about research. **This section is open to engineering students participating in research abroad in the summer.**

Academic Enrichment Seminar
Instructor Approval Required
Meets 14-Jan-19 - 08-Mar-19.
This class is designed to facilitate student success in the engineering curriculum. Students will commit themselves to their academic and personal development, adapt and integrate themselves in the College of Engineering, and learn about their engineering discipline.
